**DETAILED ACTION**

1. Claims 1-48 are pending in the present application.

***Allowable Subject Matter***

2. Claims 1-48 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art of record fails to teach the following limitation with respect to managing accesses to data objects by multiple programs over a network: *calculating an initial value from the at least one data object, said initial value reflecting the initial state of information in said data object; transmitting the page and the initial value to one user program over the network; receiving the page and the initial value from the user program, wherein the received page includes modified data in the at least one editable field; calculating a current value from the at least one data object after receiving the page, said current value reflecting the current state of information in said data object; determining whether the initial value transmitted with the received page is different than the current value; and if the initial and current values match, updating the data object with the modified data included in the received page.* The limitations of independent claims 17 and 33 parallel independent claim 1, therefore they are allowed for similar reasons as cited supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
